

From the Coordinator

The year 2020-21 has been testing time for all due to the outbreak of Covid. This forced us to cancel all annual face-to-face activities during the year due to limitations on travel and availability of accommodation at IIT Kanpur. With improvement in the scenario and hoping for further improvement in the times to come, we expect to restart the activities in full swing soon. With the increased availability of the internet and various publications at college levels, the workload of NICEE related to library activities has reduced significantly, which is certainly a healthy sign. On the other hand, a lot more needs to be done for our agenda of promoting seismic safety in the country, especially in the earthquake-prone Himalayan regions. NICEE continued to receive good support from its well-wishers during the year. Your support is vital to us, and we look forward to your continuous support and guidance in the forthcoming years. Generous support from 41 members during the year and 559 unique members to date is an excellent endorsement of our activities. We welcome your suggestions about new activities to be included in NICEE's agenda and your feedback at nicee@iitk.ac.in.
