**Earthquake Engineering Literature Survey Workshop
for Post Graduate Students from Engineering Colleges across India
at IIT Kanpur during June 27-July 06, 2019**

A 10 day (June 27-July 06, 2019) Workshop on Earthquake Engineering Literature Survey is being conducted by the National Information Centre of Earthquake Engineering (NICEE) at IIT Kanpur. Three postgraduate students from 3 different engineering colleges across India participated in this workshop.

In this workshop the participants were encouraged to make use of available literature at NICEE library and Central Library for doing quality research work. During the Workshop the participants will also interact with Prof. Chinmoy Kolay, Dr. KK Bajpai and Dr. Rajeev Gupta of IIT Kanpur. During these sessions the participants were given tips on conducting a meaningful literature survey to advance in to the area of research topic chosen for M.Tech./Ph.D. theses.

A visit to the National Wind Tunnel Facility at IIT Kanpur along with a visit to the various laboratories of Civil Engineering is also organised, so that the participants get abreast with the latest available technologies in the country. The participants deliberated at length with PhD scholars of IIT Kanpur and Dr. KK Bajpai regarding their thesis topics.

The workshop has been sponsored by Computers and Structures Inc (CSI) and several supporters of NICEE.
